

Make room for a better weekend.

Florida pools, thoughtful details and a backyard that feels like you.

Start with something simple.

A place to cool off, swim and relax.

Lanai Classic

24 x 12 ft / $84,000 - $114,000

A clean, easy-to-furnish pool for a screened Florida lanai. Corner steps and a long social bench leave the center open for swimming.

Courtyard Dip

20 x 10 ft / $66,000 - $89,000

A compact dipping pool framed by a private garden and a covered sitting area. Soft corners and a built-in bench make a small yard feel intentional.

A shelf for slow afternoons.

Room to lounge without leaving the water.

Sun Shelf 26

26 x 12 ft / $96,000 - $129,000

A generous shallow shelf for two loungers beside an open swimming area. Straight coping and a pale deck keep the yard calm and uncluttered.

Family Thirty

30 x 14 ft / $105,000 - $141,000

A full-width entry shelf, open central basin and a bench for watching the action. The deck leaves room for family dining without squeezing circulation.

Bring everyone together.

Connected spas and generous gathering space.

Suncoast Social

30 x 15 ft / $155,000 - $208,000

A broad tanning shelf and an attached raised spa anchor opposite ends of a family pool. A generous dining terrace and simple landscape lighting complete the backyard.

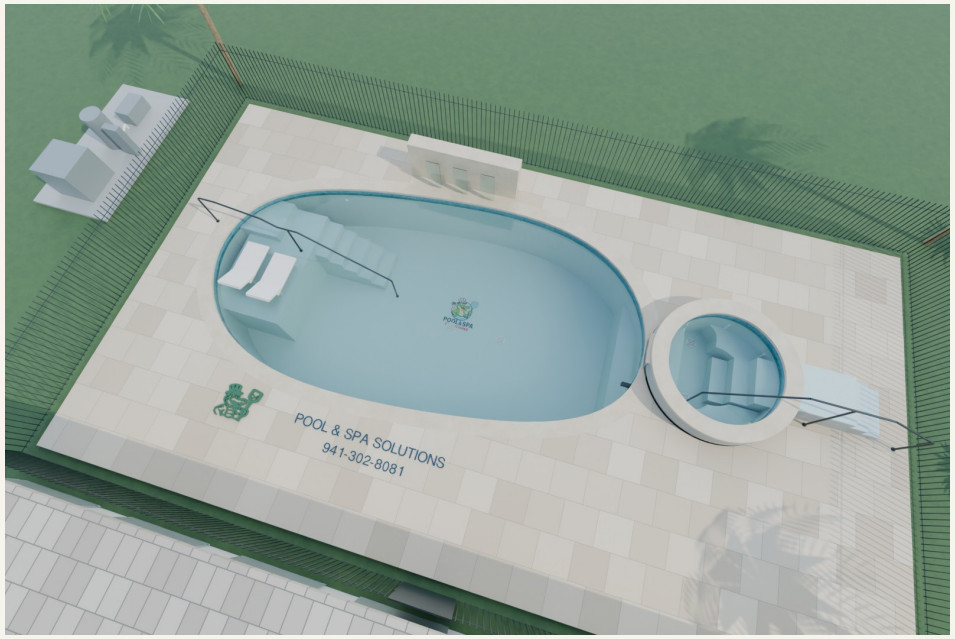

Two Lounger Retreat

30 x 14 ft / $125,000 - $168,000

Two sculptural loungers sit on a shallow shelf beside a crisp spillover spa. Ivory stone creates the relaxed resort look that fits Florida homes.

Soften the edges.

Tropical planting, curved waterlines and pale stone.

Tropical Cove

30 x 16 ft / $126,000 - $169,000

A natural-feeling pool with a round raised spa, a compact three-slot water wall and layered palms. The water feature stays modest so the usable pool and deck remain the focus.

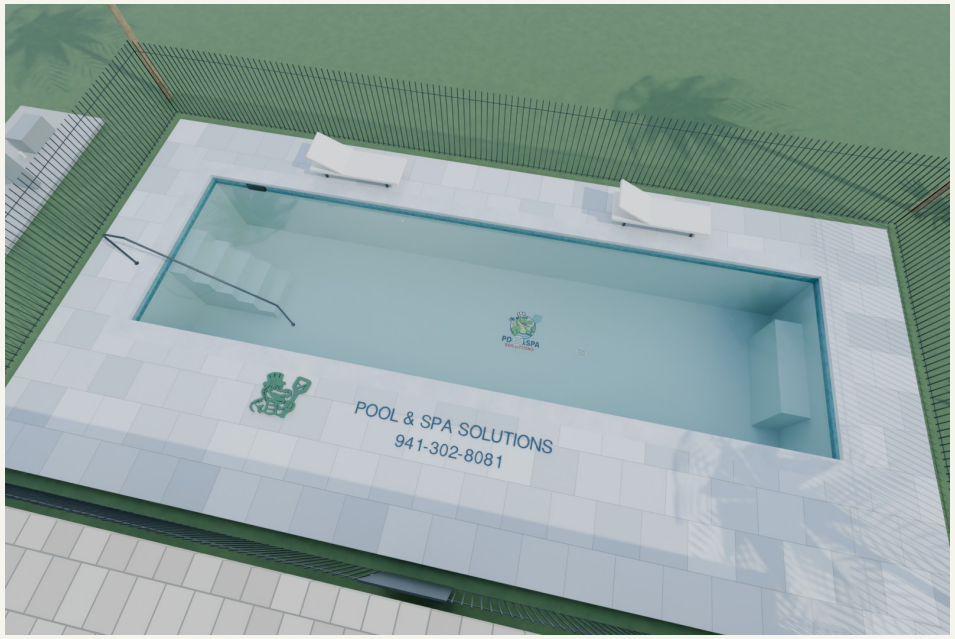

Arc and Stone

32 x 16 ft / $134,000 - $180,000

A broad, gently curving basin meets a round spa and a low stone water wall. Crisp stone detailing gives the freeform shape a contemporary finish.

Keep the swim lane clear.

Longer footprints for a more active backyard.

Morning Laps

36 x 10 ft / $80,000 - $107,000

A slim, uninterrupted swimming lane with entry steps tucked to one side. A hedge-lined garden and simple loungers suit long, narrow backyards.

Resort Lane

40 x 12 ft / $167,000 - $223,000

An eight-foot-wide clear swim lane runs beside a side tanning shelf. An offset spa and slim pergola bring resort features to an elongated yard.

Imagine something distinctive.

Two creative concepts for the right property.

Bayline Edge

36 x 16 ft / $178,000 - $239,000

A single vanishing edge opens a straight-lined pool toward a suitable waterfront view. A flush spa, low planters and uncluttered decking keep the horizon central.

Island Lounge

34 x 18 ft / $146,000 - $196,000

A dry lounge peninsula extends from the deck into a U-shaped pool. People can sit close to the water without a bridge or stepping-stone crossing.

Let’s plan your pool.

Choose a favorite, bring a survey and tell us how you want to use your backyard. We will refine the layout, select the materials and equipment, and prepare a property-specific proposal.

01 / Find your favorite

Compare the 20 concept images, dimensioned plans and 3D layouts.

02 / Make it yours

Review access, sun, views, furniture, materials and the features you will use.

03 / Refine and price

Confirm the engineering and site scope, then refine the measured design and its printable display.
