

Your backyard, reimagined.

20 original Florida concepts. A place to find your favorite.

A Florida backyard for every kind of day.

Explore compact dips, screened family pools and spa retreats, then discover two ambitious showcase ideas. The look comes first. Your survey, finish selections and engineering will shape the final project.

Everyday Florida

10 practical concepts: compact footprints, familiar shapes and screened lanai options.

Backyard Retreats

8 upgraded concepts with connected spas, broad shelves and outdoor gathering space.

Creative Showcase

2 statement concepts: an open waterfront edge and a dry lounge peninsula.

Images are rendered from the accompanying measured 3D models. Landscaping and architectural context illustrate the setting. These are proposed designs, not completed projects or permit-approved construction plans. Budgets are preliminary Southwest Florida installed ranges.

Lanai Classic

24 x 12 ft

Intended water footprint

$84,000 - $114,000

Preliminary installed budget

404 sq ft net paver deck

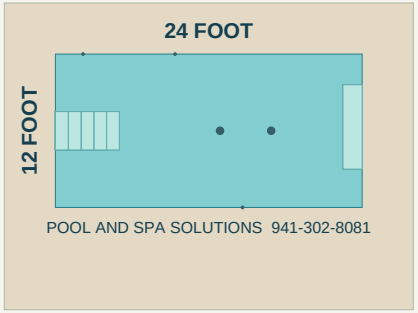

Quartz interior

Concrete paving

4.5 ft main floor

Screen enclosure included

A clean, easy-to-furnish pool for a screened Florida lanai. Corner steps and a long social bench leave the center open for swimming.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Sun Shelf 26

26 x 12 ft

Intended water footprint

$96,000 - $129,000

Preliminary installed budget

424 sq ft net paver deck

Pebble interior

Travertine paving

4.5 ft main floor

Shallow sun shelf

Screen enclosure included

A generous shallow shelf for two loungers beside an open swimming area. Straight coping and a pale deck keep the yard calm and uncluttered.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Courtyard Dip

20 x 10 ft

Intended water footprint

$66,000 - $89,000

Preliminary installed budget

360 sq ft net paver deck

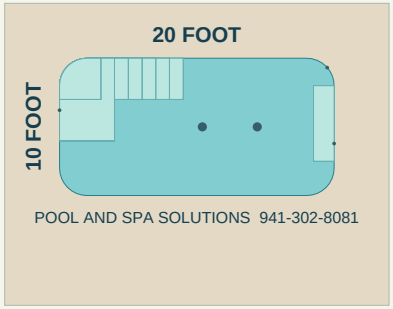

Quartz interior

Concrete paving

4.5 ft main floor

Shallow sun shelf

A compact dipping pool framed by a private garden and a covered sitting area. Soft corners and a built-in bench make a small yard feel intentional.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Family Thirty

30 x 14 ft

Intended water footprint

$105,000 - $141,000

Preliminary installed budget

476 sq ft net paver deck

Pebble interior

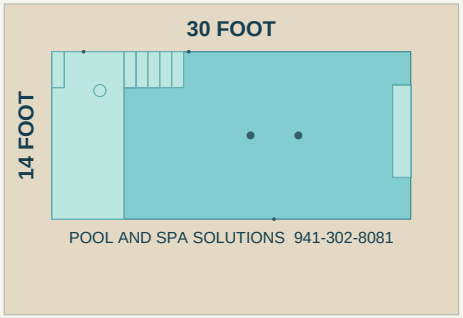

Concrete paving

4.5 ft main floor

Shallow sun shelf

Screen enclosure included

A full-width entry shelf, open central basin and a bench for watching the action. The deck leaves room for family dining without squeezing circulation.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Palm Curve

28 x 14 ft

Intended water footprint

$97,000 - $131,000

Preliminary installed budget

545 sq ft net paver deck

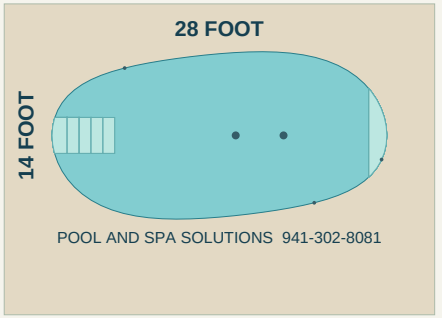

Pebble interior

Travertine paving

4.5 ft main floor

Screen enclosure included

A restrained freeform silhouette, broad entry steps and tropical planting pockets. The curves soften a normal backyard without turning it into a theme park.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Coastal Kidney

28 x 14 ft

Intended water footprint

$93,000 - $125,000

Preliminary installed budget

550 sq ft net paver deck

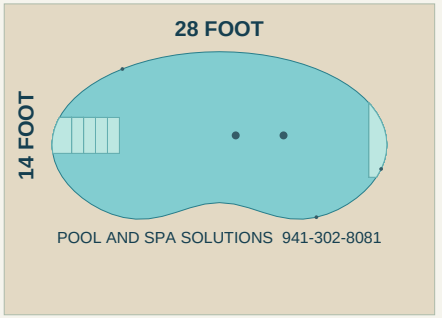

Quartz interior

Concrete paving

4.5 ft main floor

Screen enclosure included

A familiar Florida kidney pool with a shaded seating nook along its inside curve. Rounded coping and light stone give the classic shape a fresh finish.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Weekend Retreat

28 x 14 ft

Intended water footprint

$86,000 - $116,000

Preliminary installed budget

456 sq ft net paver deck

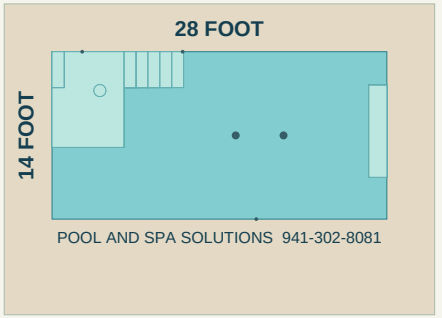

Pebble interior

Travertine paving

4.5 ft main floor

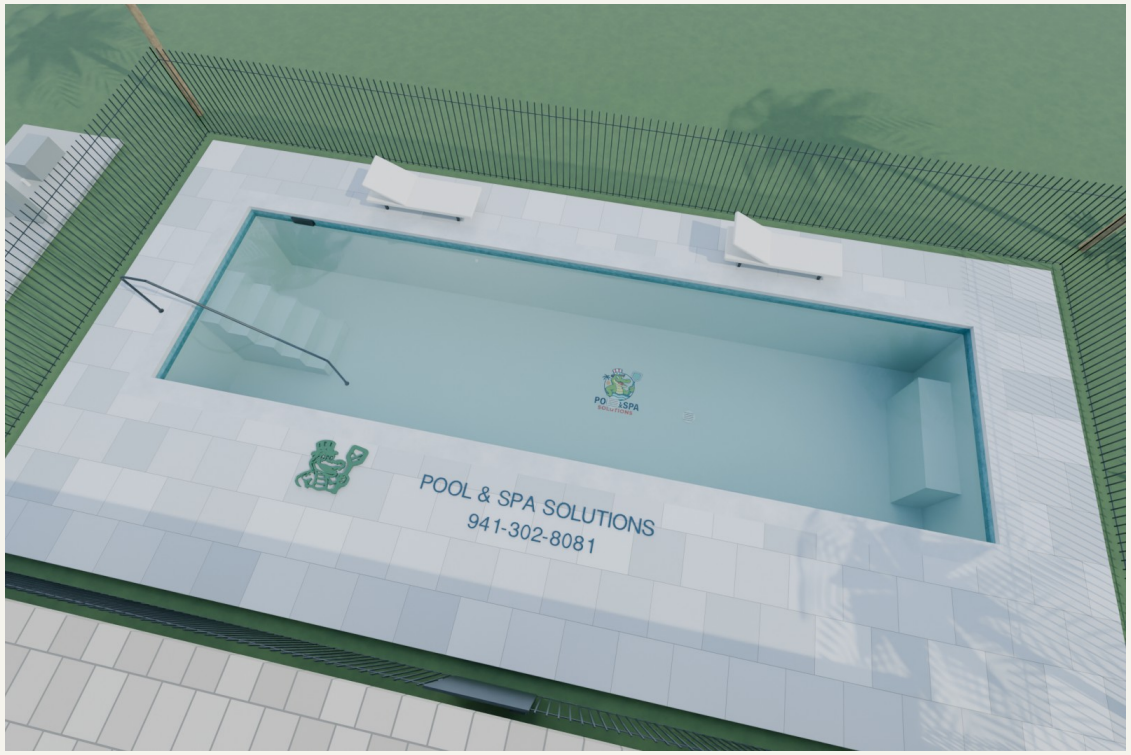

Shallow sun shelf

A corner tanning shelf and a conversation bench balance lounging with swim space. A wide house-side terrace makes this an easy everyday entertaining layout.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Morning Laps

36 x 10 ft

Intended water footprint

$80,000 - $107,000

Preliminary installed budget

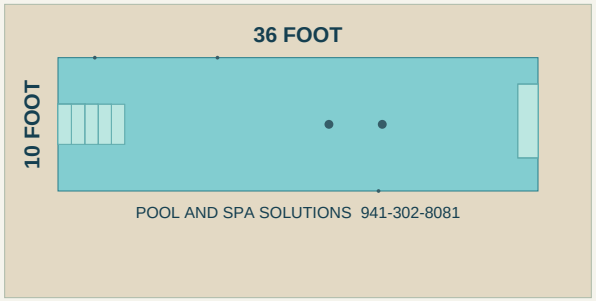

512 sq ft net paver deck

Quartz interior

Concrete paving

4.5 ft main floor

A slim, uninterrupted swimming lane with entry steps tucked to one side. A hedge-lined garden and simple loungers suit long, narrow backyards.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Roman Garden

28 x 14 ft

Intended water footprint

$98,000 - $132,000

Preliminary installed budget

512 sq ft net paver deck

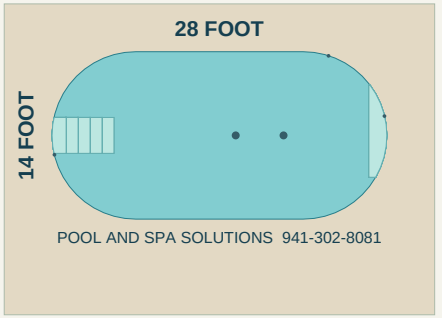

Pebble interior

Travertine paving

4.5 ft main floor

Screen enclosure included

A timeless Roman end profile, corner entry steps and symmetrical garden edges. A restrained blue tile band keeps the traditional outline light and current.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Spa Side

24 x 12 ft

Intended water footprint

$127,000 - $171,000

Preliminary installed budget

620 sq ft net paver deck

Pebble interior

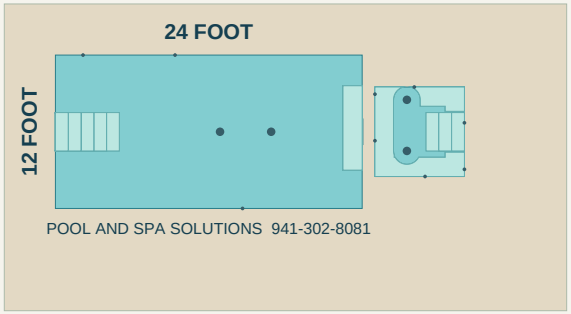

Travertine paving

4.5 ft main floor

7 ft square spa

Screen enclosure included

A compact swimming pool paired with a raised spillover spa at the end. The spa becomes the focal point from the lanai while the pool stays open and usable.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Suncoast Social

30 x 15 ft

Intended water footprint

$155,000 - $208,000

Preliminary installed budget

866 sq ft net paver deck

Pebble interior

Travertine paving

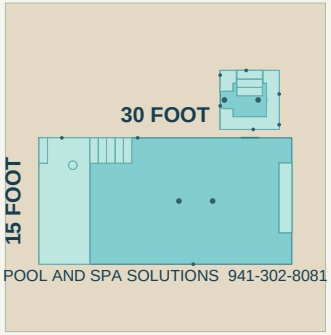

4.5 ft main floor

7 ft square spa

Shallow sun shelf

Screen enclosure included

A broad tanning shelf and an attached raised spa anchor opposite ends of a family pool. A generous dining terrace and simple landscape lighting complete the backyard.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Two Lounger Retreat

30 x 14 ft

Intended water footprint

$125,000 - $168,000

Preliminary installed budget

860 sq ft net paver deck

Pebble interior

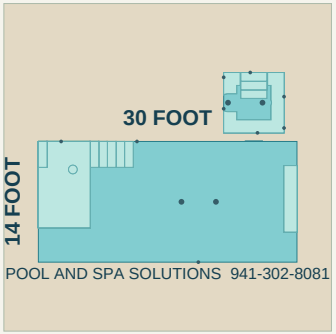

Travertine paving

4.5 ft main floor

7 ft square spa

Shallow sun shelf

Two sculptural loungers sit on a shallow shelf beside a crisp spillover spa. Ivory stone creates the relaxed resort look that fits Florida homes.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Tropical Cove

30 x 16 ft

Intended water footprint

$126,000 - $169,000

Preliminary installed budget

870 sq ft net paver deck

Pebble interior

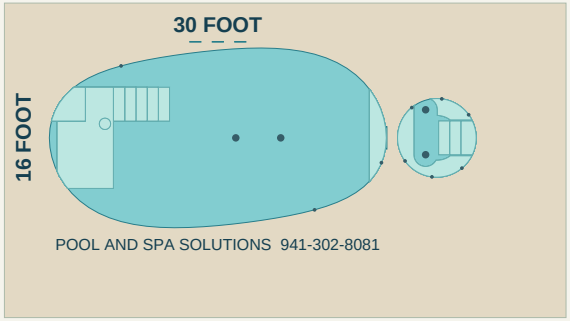

Travertine paving

4.5 ft main floor

7 ft round spa

Shallow sun shelf

A natural-feeling pool with a round raised spa, a compact three-slot water wall and layered palms. The water feature stays modest so the usable pool and deck remain the focus.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Waterwall Court

28 x 14 ft

Intended water footprint

$128,000 - $172,000

Preliminary installed budget

696 sq ft net paver deck

Pebble interior

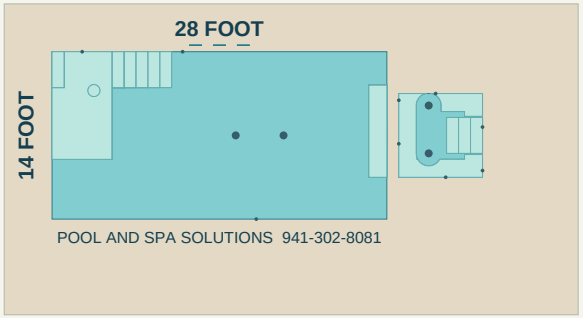

Porcelain paving

4.5 ft main floor

7 ft square spa

Shallow sun shelf

Three narrow sheer descents animate a low tiled water wall. The attached spa and pale porcelain deck create a clean architectural courtyard.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Courtyard L

28 x 22 ft

Intended water footprint

$129,000 - $174,000

Preliminary installed budget

1,080 sq ft net paver deck

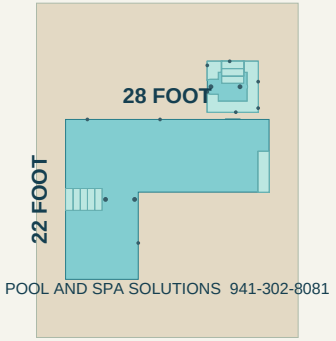

Pebble interior

Travertine paving

4.5 ft main floor

7 ft square spa

An L-shaped pool wraps a dry lounge terrace, with an attached spa at the far end of the long leg. The arrangement separates active swimming from a quiet conversation area.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Sunset Baja

32 x 16 ft

Intended water footprint

$152,000 - $204,000

Preliminary installed budget

1,365 sq ft net paver deck

Pebble interior

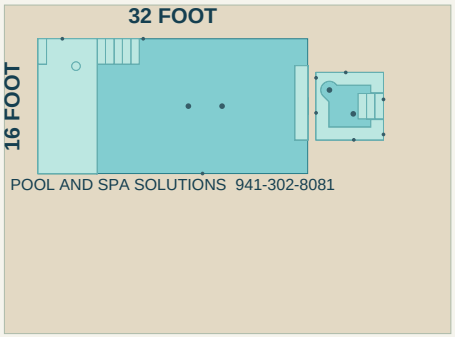

Travertine paving

4.5 ft main floor

8 ft square spa

Shallow sun shelf

A wide Baja shelf faces a raised spa and a shaded pergola terrace. Warm stone and blue water make this an inviting pool for unhurried afternoons.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Resort Lane

40 x 12 ft

Intended water footprint

$167,000 - $223,000

Preliminary installed budget

1,626 sq ft net paver deck

Pebble interior

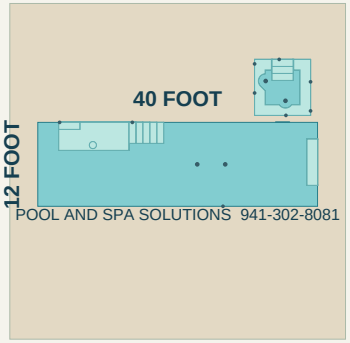

Porcelain paving

4.5 ft main floor

8 ft square spa

Shallow sun shelf

An eight-foot-wide clear swim lane runs beside a side tanning shelf. An offset spa and slim pergola bring resort features to an elongated yard.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Arc and Stone

32 x 16 ft

Intended water footprint

$134,000 - $180,000

Preliminary installed budget

1,063 sq ft net paver deck

Pebble interior

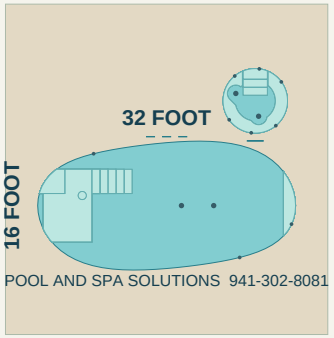

Travertine paving

4.5 ft main floor

8 ft round spa

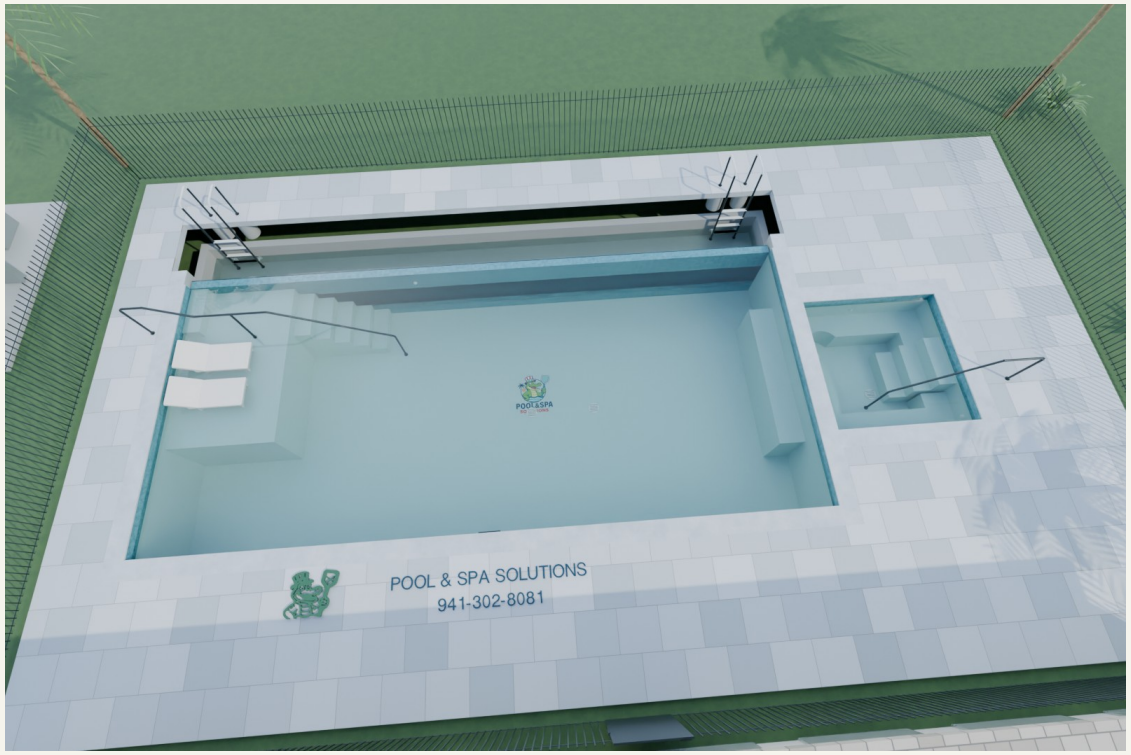

Shallow sun shelf

A broad, gently curving basin meets a round spa and a low stone water wall. Crisp stone detailing gives the freeform shape a contemporary finish.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Bayline Edge

36 x 16 ft

Intended water footprint

$178,000 - $239,000

Preliminary installed budget

917 sq ft net paver deck

Pebble interior

Porcelain paving

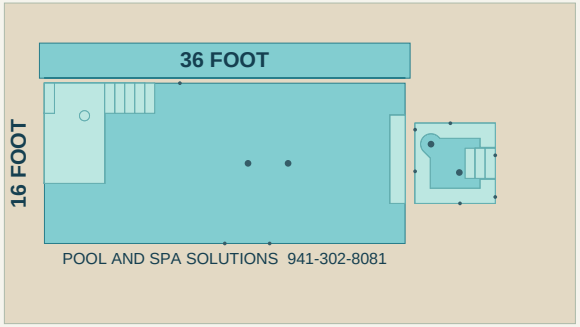

4.5 ft main floor

8 ft square spa

Shallow sun shelf

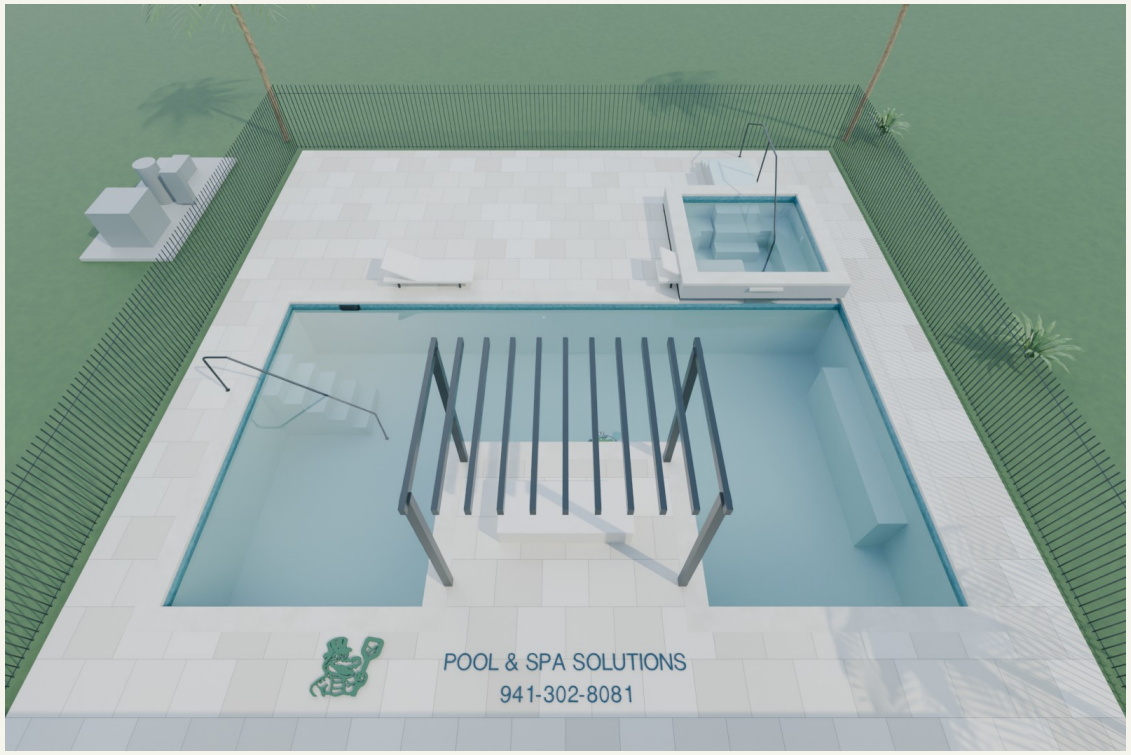

Single vanishing edge

A single vanishing edge opens a straight-lined pool toward a suitable waterfront view. A flush spa, low planters and uncluttered decking keep the horizon central.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.

Island Lounge

34 x 18 ft

Intended water footprint

$146,000 - $196,000

Preliminary installed budget

1,076 sq ft net paver deck

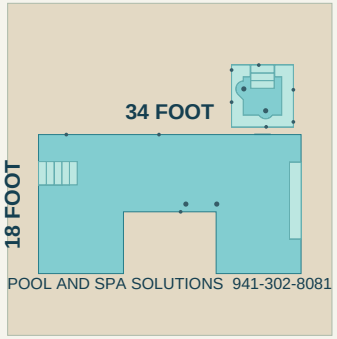

Pebble interior

Travertine paving

4.5 ft main floor

8 ft square spa

A dry lounge peninsula extends from the deck into a U-shaped pool. People can sit close to the water without a bridge or stepping-stone crossing.

Matching measured model, plan and 1:100 print kit. Property-specific engineering, listed equipment and permit approval remain required.
